I have the honour to state that the Executive Engineer has been constantly applying for increase of the mileage allotment to all the District Fund Roads with a view to maintain them in as good a condition as possible. The present rates were fixed years ago when labours and materials were not half as costly as they are now. Although the question of increasing the allotment to all the District Fund Roads is found necessary and urgent, the Board have not been able to do so at present on account of their slender means and therefore propose to take up only such of the roads as require immediate attention.

Accordingly, on the recommendation of the Executive Engineer and in consultation with the Finance Committee, the Board at their meeting held on the 30th ultimo resolved to increase the mileage allotment of the two roads Viz; the Shimoga-Narasimharajapura and Anemahal-Mudigere Roads from Rs. 100/- to Rs. 150/- and 130/- respectively from the current year. The length of the former road is 10½ miles while that of the latter is 4½ miles. The proposed increase amounts to Rs. 660/- during the current year. The Finance Committee suggests to meet this additional expenditure by reappropriation without dislocating the Board's Budget.

Extract from the Proceedings of the Kadur District
Board meeting convened on the 30th September 1926.

Subject No. 17.:- Read:- Executive Engineer's Memo No. 324 dated
26-8-1926 proposing the increase of mileage allotment of the -
Mudigere-Anemahal Road from Rs. 100/- to Rs. 130/- from the
current year and the resolution of the Finance Committee thereon
recommending that the increase asked for may be sanctioned.

Resolution:- Sanctioned.
